Wayne N. Aspinall Gavel PRESENTED TO

THE TOWN OF PALISADE Historical Society

In the mid-1940s, the White House was deemed structurally unsound and underwent significant renovations. From this 19th century, discarded wood, gavels were made and given to serving congress members as mementos.

Congressman Wayne N. Aspinall (Rep. from Colorado's 4th Congressional District from 1949-1973) donated his gavel to the Town of Palisade Board of Trustees in the late 1960s, and it has been used by many Mayors and Judges ever since.

The Town of Palisade Historical Society is dedicated to the care and preservation of Palisade's most treasured historical artifacts, and passionate about promoting the education of our unique history.

The Board of Trustees of the Town of Palisade, representing the citizens of Palisade, wish to preserve and care for this vital part of Palisade's history, and therefore would like to present the Wayne N. Aspinall Gavel to the Town of Palisade Historical Society.

Presented this 9th day of February, 2021

Canal crossing under canal 13 feet deep. You can see the tracer wire taped to the pipe for future locating the service. Hard to see a larger PVC sleeve for the main water line to pass through. This is the standard procedure for water lines to cross other critical infrastructure such as this canal. This shows the complexity we faced with our Elberta water leak last fall. Only a clean

ANNOUNCEMENTS

Town Manager Janet Hawkinson introduced Brian Rusche as the new Community Development Director. Ms. Hawkinson gave a brief overview of Mr. Rusche's experience and qualifications and the Commissioners welcomed him.

Town Manager Janet Hawkinson announced that the Frisbee Disk Golf organization will have their annual "Ice Bowl" fundraiser in Palisade in February. She also noted that the town should hear from EPA in May/June regarding a grant that was submitted for the asbestos remediation for the old high school. The total cost of remediation is estimated to be \$600,000, anticipating that \$500,000 of that amount will come from the EPA grant. She noted that they are working with Community Hospital Clinic to see how they can raise funds for the demolition of the building to build a clinic on the site. Ms. Hawkinson stated the Highway 6 design project is underway with CDOT engineers and they are anticipating an open house in March to allow for public comment. She also noted that the trailer park on Highway 6 was sold to a new manufactured home park company that plans to upgrade the park. The parklets are almost done with only 3 parking spaces removed. The Police Department has also been remodeled and 2 new officers have been hired.

Commissioner Prinster asked about a new cement pad at peachbowl park. Ms. Hawkinson said she would find out. She also mentioned there was more COVID money available through CDOT and she anticipates asking for money to have sidewalks done from the new public parking to the downtown. Ms. Hawkinson stated that Mesa County has received the ok from the railroad, and they will start North River Rd. improvements in July.

PUBLIC COMMENT

Ray Musser stated he had submitted comments that he thought would be read into the record. Town Manager Janet Hawkinson reported that the commissioners were sent the comments via email and were given hard copies, however the Town has been advised by the Town Attorney that if letters are to be read at meeting, it should be done by the person (or representative) who submitted the comments. Mr. Musser explained he did not have a copy in hand to read, but he will bring it up at next meeting.

Commissioner Hull asked about the use of butane for processing hemp and noted it is very dangerous. . Discussion continued and Mr. Rusche pointed out that it was already addressed in the code.

Commissioner Prinster asked if the CUPs expired after 3 years. Discussion continued and Mr. Rusche clarified how the follow-up process works.

Re: Ordinance 2021-01 Amending Chapter 1, Article VII, Chapter 7, Article V and Chapter 6, Article I and Repealing Chapter 2, Articles XI And XII of the Palisade Municipal Code

SUBJECT: Ordinance 2021-01 is a housekeeping item as an on-going process of cleaning up our Municipal Code. The changes requested are antiquated and, in some cases, irrelevant to the Town of Palisade as a whole.

SUMMARY: While reviewing the Palisade Municipal Code, it has become apparent that there are sections that no longer apply to the Town of Palisade.

Included in this ordinance are the following proposed changes:

1. **Updating the description of the Town Seal.** The proposed text amendment modifies the previous Town Seal description to reflect the current Town Seal adopted in February 2005.
2. **Posting place for weeds and brush notice.** Currently, the Municipal Code requires the Town Clerk to publish a notice to all tenants and property owners/managers that they must cut and remove all weeds and brush from their properties in the newspaper. The ordinance places this notice in the official posting places required for public meeting agendas.
3. **Repealing Section 12 of Article I of Chapter 6.** The Town currently has different rules for a business doing door-to-door sales vs. any other business type, making enforceability of these rules legally questionable. By repealing this chapter, all businesses previously defined as “peddler, transient or merchant” will fall under a basic business definition and be required to fill out a general business license as all others do, therefore being treated more equally.
4. **Removing the chapter regarding the Community Center Board.** This Board was created when the Town of Palisade took over the care of the Community Center. This committee has not met in well over ten years.
5. **Parks, Recreation and Advisory Board.** This Board was dissolved in 2019, and removing this section is necessary to clean up the code.

BOARD DIRECTION: Approve Ordinance 2021-01 amending Chapter 1, Article VII, Chapter 7, Article V and Chapter 6, Article I and repealing Chapter 2, Articles XI and XII of the Palisade Municipal Code.

**TOWN OF PALISADE, COLORADO
ORDINANCE NO. 2021-01**

**AN ORDINANCE OF THE TOWN OF PALISADE, COLORADO,
AMENDING CHAPTER 1, ARTICLE VII, CHAPTER 7, ARTICLE V AND
CHAPTER 6, ARTICLE I AND REPEALING CHAPTER 2, ARTICLES XI
AND XII OF THE PALISADE MUNICIPAL CODE.**

WHEREAS, the Town of Palisade (“Palisade” or the “Town”) is a Colorado municipality organized pursuant to Title 31 of the Colorado Revised Statutes and with the authority set forth therein; and

WHEREAS, Section 141 of Article VII of Chapter 1 of the Palisade Municipal Code establishes and describes a Town Seal; and

WHEREAS, the Town finds it necessary to update the description of the Town Seal to conform to the actual Town Seal; and

WHEREAS, Section 93 of Article V of Chapter 7 of the Palisade Municipal Code sets forth provisions requiring annual publication of a notice in the official newspaper of the Town notifying all owners, tenants and/or property managers of real estate that it is their duty to cut the weeds and brush and to remove the same from the real estate; and

WHEREAS, the Town finds that notice by publication in the official newspaper of the Town is extraneous; and

WHEREAS, the Town finds that posting notice in a conspicuous place at Town Hall will be sufficient and effective; and

WHEREAS, Section 12 of Article I of Chapter 6 of the Palisade Municipal Code sets forth provisions making it unlawful for any peddler, solicitor or transient merchant to engage in business or operate within the corporate limits of the Town without first having obtained a license from the Town Clerk; and

WHEREAS, recent Colorado court decisions have called into question the enforceability of such provisions which limit door-to-door advocacy by requiring a license; and

WHEREAS, the Town finds that the risks associated with enforcement outweigh the benefits of requiring a license; and

WHEREAS, Article XI of Chapter 2 of the Palisade Municipal Code sets forth provisions related to the creation of a Community Center Board charged with advising the Town of the operation and maintenance of the community center; and

WHEREAS, the Community Center Board intended by the Chapter has been dissolved and the Chapter is no longer pertinent to the operation of the community center; and

WHEREAS, the Town may operate the community center without the need for a Community Center Board; and

WHEREAS, Article XII of Chapter 2 of the Palisade Municipal Code sets forth provisions related to the creation of a Park and Recreation Advisory Board charged with advising the Town of the operation and maintenance of the Town's recreation programs and facilities; and

WHEREAS, the Park and Recreation Advisory Board intended by the Chapter has been dissolved and the Chapter is no longer pertinent to the operation of the Town's recreation programs and facilities; and

WHEREAS, the Town may effectively operate and maintain its recreation programs and facilities without the need for a Park and Recreation Advisory Board; and

WHEREAS, the Board of Trustees finds and determines that it is in the interest of the Town to update and amend the Palisade Municipal Code accordingly.

Re: Land Development Code Text Amendments

SUBJECT: PRO-2021-1 – AN APPLICATION TO AMEND THE LAND DEVELOPMENT CODE, SECTION 6.01 – USE TABLE

SUMMARY: Staff has identified changes to the land use table in Section 6.01 of the Land Development Code that would clarify the review of specific land uses. These include hemp growing and processing, marijuana processing and testing (sales are not affected), restaurants that include a drive-through, and gravel pits (of which there are none). These changes are part of an ongoing effort to clarify and refine the Code so that staff can better respond to business inquiries regarding these uses that reflect the desires of the community.

BOARD DIRECTION: The proposed text amendment was presented to the Planning Commission on February 2, 2021. The Commission voted unanimously to recommend approval of the proposed changes as written.

Staff is asking the Board of Trustees to review the proposed text amendments to the LDC and make a final decision.

PRO 2021-1, AN APPLICATION TO AMEND THE LAND DEVELOPMENT CODE,

SECTION 6.01 – USE TABLE

SUMMARY

Staff has identified changes to the land use table in Section 6.01 of the Land Development Code that would clarify the review of specific land uses. These include hemp growing and processing, marijuana processing and testing (sales are not affected), restaurants that include a drive-through, and gravel pits (of which there are none).

The proposed changes would make these uses a Conditional Use in their respective zones, rather than permitted outright, in order to allow for review by the Planning Commission and Board of Trustees. The exception is gravel pits, which would be eliminated as a use within the Town.

It is important to note that this change does not affect any of these uses which may already exist under a previous code and/or approval by the Town. Instead, it is part of an ongoing effort to clarify and refine the Code so that staff can better respond to business inquiries regarding these uses that reflect the desires of the community.

The proposed text amendment was presented to the Planning Commission on February 2, 2021. There was discussion about the role of Conditional Uses and how they are tracked and managed. Ultimately, the Commission voted unanimously to recommend approval of the proposed changes as written.

Staff is asking the Board of Trustees to review the proposed text amendments to the LDC and make a final decision.

Grouping uses provides a systematic basis for assigning uses to appropriate base zoning districts. Any use not specifically set forth in this LDC is expressly prohibited, unless determined otherwise as set forth in [Section 6.02](#) below.

Section 4.01.E., Text Amendment Approval Criteria

In evaluating any proposed amendment of the text of the Land Development Code, the following shall be considered:

1. The extent to which the proposed text amendment is consistent with the remainder of the LDC, including, specifically, any purpose and intent statements;

The proposed text amendment is consistent with the remainder of the LDC. The text amendments simply convert some uses permitted by right into conditional uses, allowing for additional review by the Planning Commission and Board of Trustees.

2. The amendment must not adversely affect the public health, safety or general welfare;

The proposed text amendment would not adversely affect the public health, safety or general welfare; in fact, it would allow for a greater review of this question on future projects by the Planning Commission and Board of Trustees.

3. The amendment is necessary because of changed or changing social values, new planning concepts or other social or economic conditions in the areas affected;

The proposed text amendment would address current social values regarding certain uses such as marijuana and hemp and allow input by the Planning Commission and Board of Trustees to reflect the community's desires.

4. The proposed text amendment revises the LDC to comply with state or federal statutes or case law; or

The proposed text amendment does not go against any state or federal statutes or case law.

5. The proposed text is found to be consistent with the Town's adopted comprehensive plan.

The adopted Comprehensive Plan does not address specific allowable uses as this element is left to the Land Development Code. The proposed amendment only changes the type of review required for these uses, except for gravel pits of which there are none currently within town limits.

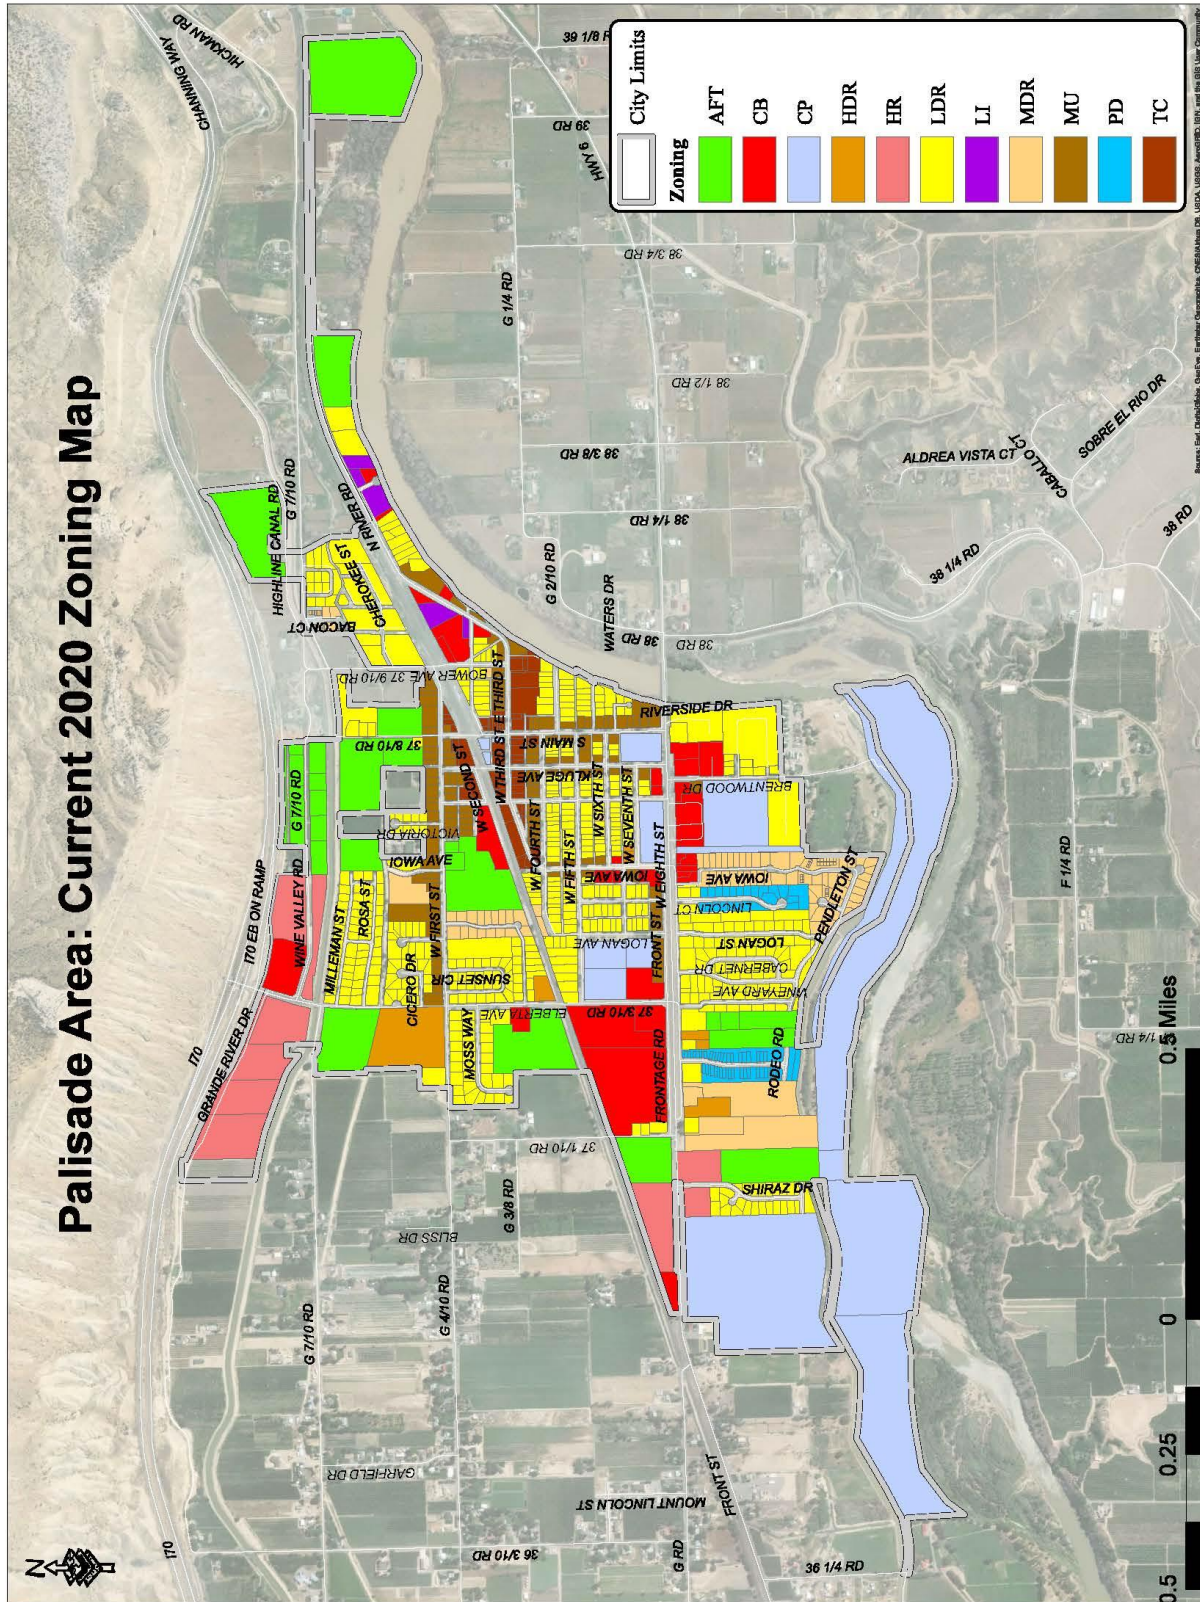

RECOMMENDATION

On February 2, 2021, the Planning Commission reviewed the proposed text amendments and **voted unanimously to recommend approval** to the Board of Trustees. Staff is asking the Board of Trustees to review the proposed amendments and associated ordinance and make a final decision based on the above approval criteria.

DATE: February 3, 2021

In October 2017 the Town held a lottery pursuant to Section 6-108 of the Town Code for applicants desiring retail marijuana store licenses in the Town. Two licenses were available. The lottery awarded priorities to two applicants (“Priority Applicants”), one for resident applicants and one for out of town applicants. Other sufficient applications were submitted and awarded inferior priorities to obtain retail marijuana store licenses at the October 2017 lottery (“Inferior Applicants”). The out of town Priority Applicant, The Happy Camper, has been issued a license and is open for business.

By Ordinance No. 2019-10, the Town adopted certain requirements for Priority Applicants to meet to maintain a priority. If a Priority Applicant did not meet the deadlines set forth in the Ordinance, the next resident Inferior Applicant moved up and become a Priority Applicant. In the event no Priority Applicant met the requirements of the Town’s ordinances and Code, and no further Inferior Applicants remained in line, the Board of Trustees needs to determine how it wants to proceed in accepting applications and modernize the Town’s Marijuana Code. Ordinance No. 2019-12 enacted a temporary moratorium to allow the Board to do that if that situation arose.

On September 22, 2020, the last resident Priority Applicant, Drift 6, was denied a Conditional Use Permit and failed to meet the requirements of the Code for a license. Therefore, the moratorium established by Ordinance No. 2019-12 commenced and remains in place until March 22, 2021.

Ordinance No. 2021-02 before you tonight extends the moratorium until September 30, 2021 to ensure the Town has enough time to review its Marijuana Code for updates. This moratorium does not have to remain in effect that long and once a new Marijuana Code is enacted, the Town can remove the moratorium to operate under the provisions then adopted. The moratorium only prohibits the acceptance of applications for additional retail marijuana store licenses and does not apply to any license applications from the two existing retail marijuana store licenses currently issued by the Town. This Ordinance gives the Town the breathing room it needs to enact thoughtful legislation.

WHEREAS, by Ordinance No. 10, Series of 2019 the Town adopted certain requirements for Priority Applicants to meet to maintain a Priority; and

WHEREAS, by Ordinance No. 12, Series of 2019, the Board of Trustees found that in the event no Priority Applicant received a license and a license became available, the Town would need to analyze its policy and amend the Palisade Municipal Code accordingly, and the Board of Trustees enacted a temporary moratorium on the acceptance of applications of additional retail

marijuana store licenses to allow it to do so, which moratorium became effective September 22, 2020 for six months; and

Re: Purchase Water Rights from GVIC (Grand Valley Irrigation Company) to install additional irrigation for watering trees on the west side of Riverbend Park and complete Headgate Agreements

SUBJECT: The Town recognizes that the aging native cottonwood trees in Riverbend Park make the park a great place, and an effort to plant trees for the future has begun. In order to extend tree planting of the native trees, additional drip irrigation is needed on the west end of the park. To obtain irrigation water to the park a headgate from the canal will be added to allow water into the west pond. From there, irrigation water will be used to water future trees with drip irrigation.

The Town presently owns 15 AB shares that are used to water the east side of the park and the lawns. An additional 14 AB needs to be purchased this fall for the ability to water trees on the west side of the park through drip irrigation. These water shares are sold at an auction in the fall, and the cost is estimated to be from \$580 – \$650.00 an acre-foot. The approval of the headgate agreement will include the purchase of 14 AB, totaling around \$8,120.00 - \$9,100.00.

Attached are 2 Headgate Agreements. One is for the new west Headgate and water shares. The second Headgate Agreement, ML003-C, is “clean-up” work. A headgate agreement was never put in place for the water received in the west pond that waters the park. The Town already owns the 15 AB shares. This second Headgate Agreement with GVIC is to clean up the lack of documents.

BOARD DIRECTION:

Give the Town Manager direction to enter into the 2 Headgate Agreements with the Grand Valley Irrigation Company: ML002-D and ML003 -C and to purchase an additional 14 AB shares.
