## **PUBLIC HEARING II**

## PRO 2022-16 - Campbell Garage Variance

Mayor Mikolai opened the public hearing at 6:10 pm.

Community Development Director Brian Rusche reviewed his staff report, citing the approval criteria required for consideration by the Board of Trustees.

## NO VARIANCE SHALL BE APPROVED BY THE BOARD OF ADJUSTMENT UNLESS ALL OF THE FOLLOWING FINDINGS ARE MADE:

1. There are exceptional conditions pertaining to the particular piece of property in question because of its shape, size, or topography that are not applicable to other lands or structures in the same district [or there is a peculiar characteristic of an establishment which makes the parking and/or loading requirements of this LDC unrealistic];

There are exceptional conditions pertaining to this property because of the configuration of the existing structure.

The entry to the residence is recessed, and the front of the home is not flush with the street. The proposed garage includes a renovation to what was formerly a sunroom that will provide a proper front door for the residence facing the street.

- 2. Granting the variance requested will not confer upon the applicant any special privileges that are denied to other residents of the district in which the property is located.

  Granting the variance requested will not confer upon the applicant any special privilege.

  The purpose of the ten (10) foot side-yard setback in the MU (Mixed Use) zone is to provide separation between residences along the street frontage. The proposed setback variance would still provide separation between the adjacent neighbor to the west, where the residence is separated from the property line by a driveway. The property does not currently have a garage. Garages are permitted for all single-family residences.
- 3. A literal interpretation of the provisions of the LDC would deprive the applicant of rights commonly enjoyed by other residents of the district in which the property is located.

  A literal interpretation of the code would deprive the applicant of the ability to upgrade the property to meet vehicle storage needs.
  - The proposed garage is just large enough to accommodate two vehicles, which are common for today's homes. In fact, the code requires two parking spaces per residence. The alternative to an enclosed garage is parking within a driveway or on the public street, which is common in older neighborhoods but often visually blocks the front of the residence as viewed from the street.
- 4. The requested variance will be in harmony with the purpose and intent of this LDC and will not be injurious to the neighborhood or to the general welfare.

The requested variance will be in harmony with the purpose and intent of the LDC and will not be injurious to the neighborhood or to the public.

The front of the garage will be sufficiently set back from the existing sidewalk and in harmony with the front of adjacent residences. The side yard will not be reduced to less than what is allowed if the garage were behind the residence.

- 5. The special circumstances are not the result of the actions of the applicant.
  - The current owner purchased the residence in its existing configuration.

The applicant is attempting to modernize the existing building and the residence's visual appeal while accommodating the modern necessity of enclosed parking.

6. The variance requested is the minimum variance that will make possible the legal use of the land, building, or structure.

The requested variance is the minimum necessary to accommodate the garage.

Five (5) feet is a standard setback for detached garages, while ten (10) feet is the standard setback for a residence. Given the configuration of the residence, a variance is necessary to attach the garage to the residence. A 5-foot setback does not create any building or fire code issues for this property or the neighboring property.

Mayor Mikolai opened the hearing to public comment.

Adriann Jones, 326 W 4<sup>th</sup> Street; announced that she, as the neighboring homeowner, is agreeable to the variance as long as the distance from the property line is verified by a surveyor.

Mayor Mikolai opened the hearing to Board comment.

*Trustee Somerville* asked for a description of what kind of verification the neighbor was requesting. Community Development Director Rusche responded that both property owners have agreed upon the existing survey pin as the property line and that the contractor has been instructed to begin constructing 5 feet from that point.

*Trustee Harbaugh* requested clarification on the Land Development Code's requirements for a detached garage in the front yard. Community Development Director Rusche clarified that the proposed garage is attached to the exisiting home, not detached.

*Motion #4* by Mayor Pro-Tem Turner, seconded by Trustee Somerville, to approve PRO 2022-16 - Campbell Garage Variance.

A roll call vote was requested.

Yes: Mayor Pro-Tem Turner, Trustee Somerville, Trustee Carlson, Mayor Mikolai, Trustee Harbaugh

Mayor Mikolai closed the public hearing at 6:20 pm.

Mayor Mikolai opened the hearing to public comment. None was offered.

Mayor Mikolai opened the hearing to Board comment.

*Trustee Harbaugh* asked if the budget had changed at all from the version they received on November 8, 2022. Finance Director Boyd stated that no changes were made since that date.

*Motion #5* by Trustee Somerville, seconded by Mayor Pro-Tem Turner, to approve Resolution 2022-25 – Appropriating Sums to Various Funds.

## Expanding the Scope of Work for the existing Agreement for Professional Services with Mountain Groove Productions

Town Attorney Jim Neu reviewed his staff report, briefly explaining the history of Mountain Groove Production's involvement with the Palisade Bluegrass and Roots Festival, and reviewed the details proposed for expanding their contractor services.

Josh Behrman and Amy Kimberly with Mountain Groove Productions described their excitement for the opportunity to take on a more prominent role with the festival and the goal of engaging the community more than what has been possible under the management of Town staff.

Trustee Carlson gave suggestions on website updates and recommended offering a locals discount on ticket prices. Both Mr. Behrman and Ms. Kimberly agreed that all of his proposals were great and had already been discussed among their staff.

Mayor Pro-Tem Turner asked for confirmation that ticket sales would be restricted to 3,500. Town Attorney Neu confirmed that the restricted number of ticket sales had been added to the contract.

## ORDINANCE 2022-18 – Extending the Temporary Moratorium for Major Residential Subdivisions and Large Residential Developments

Town Attorney Jim Neu reviewed the staff report, detailing that the proposed moratorium is to extend the expiration date until the Comprehensive Plan is completed and can offer the Board direction on moving forward with larger developments. He noted that the Board may end the moratorium at any time if the Comprehensive Plan is completed sooner than the June 30, 2023 date noted in the Ordinance.

*Motion #9* by Trustee Somerville, seconded by Mayor Pro-Tem Turner, to approve Resolution 2022-18 – Extending the Temporary Moratorium for Major Residential Subdivisions and Large Residential Developments.

A roll call vote was requested.

Yes: Mayor Pro-Tem Turner, Trustee Somerville, Trustee Carlson, Mayor Mikolai, Trustee Harbaugh

No:

**Absent:** Trustee Chase, Trustee Maxwell

Motion carried.

## ORDINANCE 2022-19 Regarding the Number of Retail Marijuana Store Licenses Available in the Town of Palisade

Town Attorney Neu explained that the current moratorium on new retail marijuana store licenses has been in place for going on two years while the Town was in litigation with the last applicant for a retail marijuana store. The proposed ordinance will amend the Town's current marijuana Code so there are only two licenses for retail marijuana stores and one license for a medical marijuana center. Town Attorney Neu stated that the current marijuana code needs a lot of work, but this ordinance will allow the moratorium to expire at the end of the year and that the Board can always authorize more licenses in the future once the Comprehensive Plan is complete if they choose to.

*Motion #10* by Trustee Somerville, seconded by Trustee Harbaugh to approve Ordinance 2022-19 Regarding the Number of Retail Marijuana Store Licenses Available in the Town of Palisade.

A roll call vote was requested.

Yes: Trustee Somerville, Trustee Carlson, Mayor Mikolai, Trustee Harbaugh, Mayor Pro-Tem Turner

No:

**Absent:** Trustee Chase, Trustee Maxwell

Motion carried.

### **PUBLIC COMMENT**

Andrea Skorupski, 229 W 5<sup>th</sup> Street, and Tara Brosig with Mountain Side Production Services; apologized for appearing later in the meeting than intended, as they both wanted to comment on the Mountain Groove Productions agreement. Ms. Skarupski and Ms. Brosig expressed their disappointment in not having an opportunity to bid on the project as they are both local.

### **COMMITTEE REPORTS**

Board members briefly explained the various meetings they had recently attended.

#### **ADJOURNMENT**

# First Amended Intergovernmental Agreement Concerning the Grand Valley Regional Transportation Committee And Adopting Rules and Bylaws

THIS FIRST AMENDED INTERGOVERNMENTAL AGREEMENT (this "Agreement") amends that certain Intergovernmental Agreement Creating the Grand Valley Regional Transportation Committee and Adopting Rules and Bylaws dated December 17, 2002 (the "2002 Agreement") that created the GRAND VALLEY REGIONAL TRANSPORTATION COMMITTEE (hereinafter referred to as "GVRTC") and adopted bylaws and process rules. This Agreement is agreed to, made and entered into effective this 16th day of December, 2019, by and between THE COUNTY OF MESA, COLORADO, (hereinafter referred to as "County"), THE CITY OF GRAND JUNCTION, COLORADO, (hereinafter referred to as "Grand Junction"), THE CITY OF FRUITA, COLORADO (hereinafter referred to as "Fruita"), and the TOWN OF PALISADE, COLORADO, (hereinafter referred to as "Palisade"). Each of the County, Grand Junction, Fruita and Palisade are referred to herein as a "Party" and collectively as the "Parties".

### **RECITALS.**

- A. The Federal Transit Act (49 USC 5301 *et seq.*), and federal laws dealing with federal aid for highways (23 USC §§134 and 135) require the County and Grand Junction, as members of the Grand Junction/Mesa County MPO, also known as the Grand Valley Metropolitan Planning Organization, to develop and implement transportation plans within their respective jurisdictions.
- B. The boundaries of the Grand Valley Metropolitan Planning Organization "MPO" include the areas between Fruita, Grand Junction and Palisade and include Whitewater. The boundaries have been determined and will be updated, as required, by the United States decennial Census of Population and Housing.
- C. The Parties conclude that, notwithstanding federally mandated Census tracts and boundaries, and federally directed definitions, the part of the Grand Valley from Palisade to Fruita, including the lands in each municipality (for this Agreement hereinafter referred to as the "Grand Valley"), actually operates and should be treated as one inter-related and integrated whole, at least for transit and transportation planning purposes.
- D. Regardless of the boundary of the federally defined Grand Junction Urbanized

- Area, each Party recognizes that its transportation policy and improvement decisions affect the other Parties, and that each Party has a stake in the administration, policies and activities of the MPO.
- E. Both because of federal mandates, and because of the desire to consider the needs and desires of the residents of the Grand Valley, the Parties recognize the need to involve property owners and residents of Mesa County in transportation planning and the priority-setting of which projects should be built and in what sequence, and similar transportation and transit questions.
- F. The Parties agree that it is in their best interests to work together to continue past efforts to meaningfully involve each party and its citizens in transportation planning and management processes.
- G. Currently each Party has been interested in, and has funded at least in part, the management and operations of the Grand Valley's transit system. That transit system, known as Grand Valley Transit ("GVT"), is owned and directed by Mesa County, and operated through a contract between Mesa County and a contractor.
- H. Mesa County desires, and the Parties are willing, "to agree upon the overarching issues and policies that should be addressed by the GVRTC.
- I. The Parties desire that the structure provided for in this Agreement will continue to provide a regional decision-making structure that can implement the federal and state mandated (and as authorized by the GVTRC) planning, coordination, operating and funding "missions," while recognizing that each Party must retain its fiscal decision making and each must continue to comply with its individual constitutional and statutory requirements.
- J. One of the purposes of this Agreement is to create one body and process to meet federal and state requirements and to speak with one "regional voice" regarding the matters arising out of or under this Agreement. The Parties do so with full appreciation that "regional" means different things for different purposes. For MPO purposes, "regional" means the Grand Valley, as defined herein. For state law relating to transportation planning "regional" means all of Mesa County. The Parties hereto desire to delegate to the GVRTC the responsibility for the planning of the Mesa County TPR in coordination with the Mesa County Regional Transportation Planning Office ("RTPO").

- K. The Parties acknowledge that federal law requires that the MPO and other planning efforts require the consideration, if not direct participation, of other entities and businesses involved in the federally mandated "multi-modal" view of modern transportation planning and funding. Examples of other entities whose interests must be considered are railroads, freight carriers, airport, private bus companies, pedestrians and bicyclists.
- L. State law (§ 43-1-1101, et seq., C.R.S.) requires that all regions of the state adopt short- and long-term transportation plans. Mesa County is one of such regions (hereinafter termed the Transportation Planning Region ("TPR") as further defined in § 43-1-1102(8), C.R.S. and 2 CCR 601-22:1.41). The local government planning for Mesa County's TPR is being performed by the MPO and the local staff of the RTPO.

### **AGREEMENT**

NOW, THEREFORE, in consideration of their mutual promises contained herein, and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, THE PARTIES AGREE as follows:

# ARTICLE 1 ORGANIZATION, DEFINITIONS, PURPOSE, AND OBJECTIVES

### 1.1. INITIAL MATTERS

- A. The Recitals set forth above are incorporated into the Agreement by reference.
- B. The previously established "Grand Valley Regional Transportation Committee" ("GVRTC") is authorized by §29-1-203, C.R.S. This Agreement is intended to be a contract between governments as described therein.

#### 1.2. THE PURPOSE OF THE GVRTC IS:

A. To ensure that the TPR represents the Parties' priorities, issues and concerns regarding regional transportation, planning and transit issues, and that such matters are communicated in a unified manner to third parties including, without limitation, the Colorado Department of Transportation ("CDOT"), the Federal Highway Administration ("FHWA") the Federal Transit Administration ("FTA"), other federal agencies, Mesa County's federal and state legislative delegations and other entities.

- B. To assist the CDOT, the "FHWA" and the "FTA" in prioritizing requests for funding in Mesa County, the Grand Valley, and the local CDOT Region.
- C. To promote active involvement by each Party in the planning, development and implementation of the long-range plan for the TPR.
- D. To promote on-going consultation among the Parties in regional transportation and transit planning from a regional perspective.
- E. To establish a mechanism for the administration of GVT.
- F. To establish a decision-making mechanism for the MPO, in light of the purposes of this Agreement, consistent with federal transportation planning requirements. [23 USC §§134 and 135].
- G. To present a clear regional voice to the public on transportation planning and transit issues. [23 USC§§ 134 and 135; 23 CFR 450.200 and 23 CFR 450.300].
- H. To define the relationship between the GVRTC and the staff of the County that has been doing the work of the MPO including the state required planning for this transportation planning region pursuant to § 43-1-1102, C.R.S. (termed the TPR plan); public transit support and planning [49 USC 5301 *et seq.*] and transportation planning for the Grand Valley. Such staff is termed the RTPO staff.

### 1.3. THE OBJECTIVES OF THE GVRTC ARE TO:

- A. Consider those differences while continuing the cooperative and comprehensive coordination of transportation planning activities and transportation projects consistent with the different needs, resources and populations of each Party.
- B. Use the forum established by the creation of the GVRTC to achieve maximum benefits from available resources, to reduce duplication of effort and to obtain better overall coordination of transportation planning and management.
- C. Create one decision-making clearinghouse for TPR regional transportation "plans" or "planning", the MPO plans and GVT issues and policies.

### PALISADE BOARD OF TRUSTEES Agenda Item Cover Sheet

Meeting Date: December 13, 2022

**Presented By:** Brian Rusche, Community Development Director

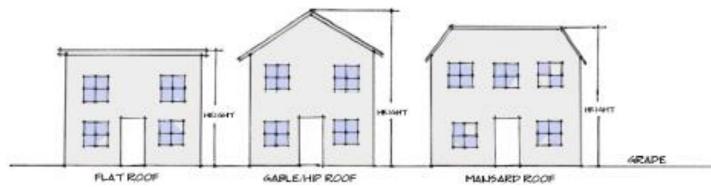

**Department:** Community Development

**<u>Re:</u>** Ordinance 2022-21 – Amending the Land Development Code regarding Building Height

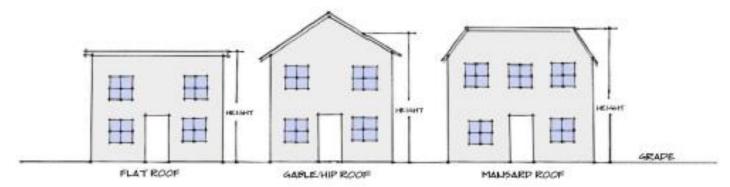

Measurement

<u>SUBJECT:</u> ORDINANCE 2022-21 – AN ORDINANCE AMENDING THE LAND DEVELOPMENT CODE REGARDING OUTDOOR LIGHTING.

**SUMMARY:** Building height (Section 5.06.C of the Land Development Code) is measured from the lowest finished grade to the top of the highest roof beam or the peak of a gable, hip or pitched roof, as shown in the exhibit below:

Another way to measure the height of a gable or hip roof is the <u>average height between the eaves</u> and the ridge line. This method is used in unincorporated Mesa County, which includes areas adjacent to the Town of Palisade, as shown in the exhibit below:

Community Development has received inquiries about how building height is measured and has encountered designs that necessitate a variance if the current standard is applied but would meet the height limitations if the Mesa County standard were applied. This is due primarily to interior ceiling height requirements under current building regulations. Many older structures with similar roof styles have low ceiling height that would not meet today's standards. Staff proposes to adopt a standard that would use average height between the eaves and the ridge line for various types of pitched roofs. This would allow some flexibility to design structures that complement the existing neighborhoods and architectural styles while meeting the needs of modern residential design.

In evaluating any proposed amendment of the text of the Land Development Code, the following shall be considered:

- 1. The extent to which the proposed text amendment is consistent with the remainder of the LDC, including, specifically, any purpose and intent statements;
  - The proposed text amendment is consistent with the remainder of the LDC, as it does not change the residential design standard that favors pitched roofs nor does it change the maximum height in any zone.
- 2. The amendment must not adversely affect the public health, safety or general welfare;
  - The proposed text amendment would not affect the public health, safety or general welfare as all new buildings and renovations of existing buildings would still need to meet the standards of the building code.
- 3. The amendment is necessary because of changed or changing social values, new planning concepts or other social or economic conditions in the areas affected;
  - Architectural styles change over time and the goal is to create standards that encourage new construction to complement historic styles, while it is still necessary to design to modern codes.
- 4. The proposed text amendment revises the LDC to comply with state or federal statutes or case law; or
  - The proposed text amendment does not go against any state or federal statutes or case law
- 5. The proposed text is found to be consistent with the Town's adopted comprehensive plan.
  - The Town is currently updating the Comprehensive Plan. This amendment would not materially affect that project.

### **BOARD DIRECTION:**

The **Planning Commission** reviewed this request at their regular meeting on December 6, 2022, and having received no testimony on this request, **forward a unanimous recommendation of approval of the proposed text amendment.** 

### **SUGGESTED MOTION:**

I move to **approve** Ordinance 2022-21, Amending the Land Development Code regarding Building Height Measurement, finding that the criteria of Section 4.01.E have been met.

#### PRO 2022-17, TEXT AMENDMENT TO THE LAND DEVELOPMENT CODE

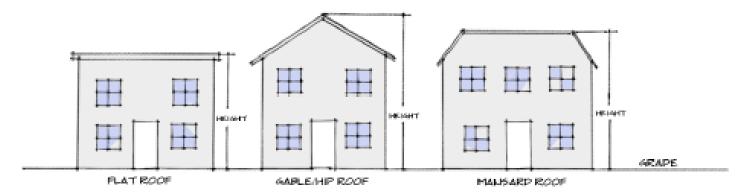

#### Section 5.06.C – Building Height Measurement

#### **SUMMARY**

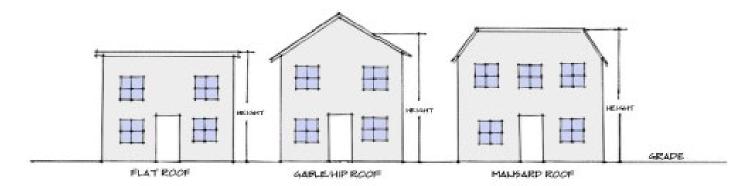

The Town of Palisade has a variety of building types and styles, from historic downtown commercial buildings and large warehouses adjacent to the railroad, large homes tucked into orchard tracts and historic residential blocks as well as modern residential subdivisions. The majority of residential buildings have some type of pitched roof, consistent with historic architectural styles and accounting for our four-season climate.

The variety of architectural styles, from Victorian to Modern, create different roof patterns and variety throughout the Town. Renovations and new construction, particularly of accessory structures, add to the variety. Architects are able to create structures that compliment neighboring structures while providing modern amenities. However, one challenge that has been encountered is the way building height is measured.

Building height (Section 5.06.C of the Land Development Code) is measured from the lowest finished grade to the top of the highest roof beam or the peak of a gable, hip or pitched roof, as shown in the exhibit below:

Another way to measure the height of a gable or hip roof is the <u>average height between the eaves and the ridge line</u>. This method is used in unincorporated Mesa County, which includes areas adjacent to the Town of Palisade, as shown in the exhibit below:

Community Development has received inquiries about how building height is measured and have encountered designs that necessitate a variance if the current standard is applied, but would meet the height limitations if the Mesa County standard were applied. This would allow some flexibility to design structures that complement the existing neighborhoods and architectural styles while meeting the needs of modern residential design.

#### LAND DEVELOPMENT CODE

The following amendment is proposed to this section, with words changes highlighted in **RED/BOLD TEXT** with new additions underlined and removals in strikethrough.

#### **Section 5.06 Measurements and Exceptions**

#### C. Building Height

Height shall be determined by the vertical distance in feet between the lowest finished grade (including finished grade of a basement with direct, at-grade walk-out access) to the top of the highest roof beam on a flat, shed or mansard roof or the **peak** average height between the eaves and ridge line of a gable, hip or pitched roof.

#### Section 4.01.E., Text Amendment Approval Criteria

In evaluating any proposed amendment of the text of the Land Development Code, the following shall be considered:

- 1. The extent to which the proposed text amendment is consistent with the remainder of the LDC, including, specifically, any purpose and intent statements;
  - The proposed text amendment is consistent with the remainder of the LDC, as it does not change the residential design standard that favors pitched roofs nor does it change the maximum height in any zone.
- 2. The amendment must not adversely affect the public health, safety or general welfare;
  - The proposed text amendment would not affect the public health, safety or general welfare as all new buildings and renovations of existing buildings would still need to meet the standards of the building code.
- 3. The amendment is necessary because of changed or changing social values, new planning concepts or other social or economic conditions in the areas affected;
  - Architectural styles change over time and the goal is to create standards that encourage new construction to complement historic styles, while it is still necessary to design to modern codes.
- 4. The proposed text amendment revises the LDC to comply with state or federal statutes or case law; or *The proposed text amendment does not go against any state or federal statutes or case law.*
- 5. The proposed text is found to be consistent with the Town's adopted comprehensive plan.
  - The Town is currently updating the Comprehensive Plan. This amendment would not materially affect that project.

#### RECOMMENDATION

The Planning Commission reviewed the proposed text amendment to the LDC and makes a recommendation of approval, based on the above approval criteria, to the Board of Trustees.

Ordinance 2022-22 – Adoption of the 2018 International Property Maintenance Code

The proposed ordinance would adopt the 2018 International Property Maintenance Code by reference. No other building codes would be amended.

#### **BOARD DIRECTION:**

Motion and second to approve the first reading of Ordinance 2022-22, setting a public hearing for January 10, 2023, and ordering the Town Clerk to publish notice thereof.

J-U-B's understanding of this project's history and CLIENT's general intent and scope of the project are described as follows:
